You will need to complete a few forms to cross-over your NHRA license to IHRA.

First, you will need the Membership, License and Number application, which is where you provide your payment information.

Second, you will also need the Competition License Form, Complete the top half of this form, down to where you sign your name. Make a copy of your NHRA license – that takes care of the bottom of the form.

If you are a Top Sportsman, Top Dragster or Professional competitor, you need to submit a physical form, in addition to the membership and competition license form. Fill out the Physical Form.

Submit the completed forms to our corporate office and we will process your application upon receipt. You may fax, mail or scan and e-mail the documents. A complete list of contact information is listed below.
